Doing Fine Work in County Farm Demonstration.

Graduates of the A. & M. College are coming into prominence in county agricultural demonstration work. W. F. Proctor, state agent in charge of the demonstration work, co-operative between the United States department of agriculture and the A. & M. College, announces the appointment of a number of recent graduates of the college.

These men all have had practical experience and have made good in their work, according to Mr. Proctor. A. & M. men engaged in demonstration work are Frank R. Phillips, Rusk; F. D. Lown, Cotulla; R. E. Caldwell, Corpus Christi; John T. Egan, Seymour; C. C. Morris, Pittsburg, and W. Z. Miller, Edinburg, Hidalgo County; I. V. Buck, Taylor County, and C. H. McDowell, Bee County.

More than one hundred counties now have agricultural demonstration agents who are working with the farmers and stockmen in an effort to increase the productiveness of crops and to insure a better market price.

LECTURED AT COLLEGE.

"Vocational Guidance of College Men" was the subject of an address delivered Wednesday night at the A. & M. College by Dr. J. Adams Puffer of the bureau of vocational guidance of Boston, Mass. Dr. Puffer read letters from men from the different professions explaining why they had chosen that line of work for their vocation. Qualifications for the various professions were explained by the speaker.

WILSON'S CHRISTMAS SALE.

The dry goods firm of Sam B. Wilson & Co. opened their doors to bargain hunters this morning at 9 o'clock, inaugurating a "Year-End Christmas Sale" to last fifteen days. It has been a custom with this firm to launch a clearance sale in January of each year, but in order to better serve their patrons and give them the full benefit of winter merchandise, they propose to clean up a heavily bought stock of fresh goods at this time.

The sale extends all over the house and on every article for cash. With beautiful weather favoring this sale the beginning was indeed promising and the store was crowded to its capacity all day.

The sale force was doubled to take care of the crowds and today was a real big day at Wilson's.

This stock consists of everything carried in an up to date dry goods store. In fact, this store contains three floors bulging with the season's newest creations in every line.

Mr. Wilson says: "The serious damage to crops, due to the tropical storm, caused a terrible loss to the farmers, and as a result we are overstocked. We are determined not to carry this surplus into next year, but would stand the loss and benefit thousands of customers who would be glad to take advantage of such a sacrifice at this time."

The sale will continue until Christmas day, allowing every one plenty of time to secure their winter merchandise.

DR. G. F. THORNHILL.

Word was received here this morning of the death of Dr. Gabe E. Thornhill at his home at Paris. The summons came unexpected and while he was in his car en route to visit a patient. Dr. Thornhill will be remembered by many of our older citizens, having lived here some twenty years ago, at which time he was agent for the Houston & Texas Central Railway. He left Navasota to embark in the practice of medicine, having studied for this line of work during his stay here. Dr. Thornhill was regarded always as a manly man and those acquainted with his professional work claim that he was a success as a physician. He had resided at Paris for a number of years.—Navasota Examiner.

Dr. Thornhill was well known and had many friends in Bryan, having formerly resided at Benchley, where he was agent and operator for the Houston & Texas Central Railroad

for seven years. He was a relative of Mrs. R. H. Harrison and also an uncle of Vandy Thornhill, a popular student of Allen Academy.

SPECIAL COUNCIL MEETING.

Bryan Street Sidewalks to Begin at Once.

A special meeting of the city council was held this morning at 10:30 o'clock, with Mayor Harris presiding and Aldermen Haswell, Levy, Wilson and Vick present. The meeting was held for the purpose of giving the property holders on Bryan street an opportunity to protest against building the sidewalks on Bryan street according to the contract awarded to T. B. Hubbard, M. Bonneville and Mrs. J. Dohrovsky were the only property owners to enter protests, they objecting to the payment of the contract price, 15 3/4c per square foot, for the construction of the walks, claiming that they could have the work done at a cheaper price. These objections were overruled and Contractor Hubbard was authorized to begin the work.

The council then adjourned. Mr. Hubbard informs the Eagle that he expects to begin the work within the next few days.

FURTHER BRIDGE DAMAGE.

Sharp Rise Damages False Work at Jones Bridge.

A fifteen-foot rise on the Brazos has done considerable damage to the false work under the center span of the bridge where the damage done by the August storm is being repaired. The superintendent of the repairs is unable to state the extent of the damages until the present rise subsides. The present setback is indeed disappointing, as Judge Maloney expected to be able to open the bridge to traffic some time next week.

D. B. Knowlton, representative of Austin Bros., bridge builders of Dallas, who have the contract for the repairs, was here today and will make an inspection of the damage.

WAR REVENUE LAW TO BE CONTINUED

Would Expire by Limitation Dec. 31, So Rush Will Be Made Before Christmas Recess.

[By Associated Press.]

Washington, Dec. 9.—After a conference with Secretary McAdoo Wednesday, Chairman Kitchen of the house ways and means committee announced that the Democrats would put through before the Christmas recess a bill to continue the emergency war revenue law which would expire by limitation Dec. 31. This is estimated to raise more than \$50,000,000 annually.

Mr. Kitchen said the repeal of the free sugar clause of the Underwood tariff law might be considered at the same time, although it has been understood that the administration's general revenue measures might not be taken up until after the holidays.

The emergency tax law will be extended for a year. The legislation was suggested by Secretary McAdoo as one of the things congress should do to provide for present and expected financial burdens.

There is no necessity for immediate action to keep the duty on raw sugar, as under the Underwood law sugar does not go on the free list until next summer.

The sailing of the Adriatic was delayed more than an hour while they left the ship. The Adriatic carried a large number of passengers and a big cargo of war munitions, the freight totaling nearly 18,000 tons.
